PETITION UNDER C.F.R. § 1.181(a) TO WITHDRAW
HOLDING OF ABANDONMENT

Mail Stop AMENDMENT
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 C.F.R. § 1.181(A), Applicant hereby requests withdrawal of the holding of abandonment of United States Patent Application Serial No. 09/988,811, which became abandoned on June 6, 2008. Applicant requests withdrawal of the holding of abandonment based on non-receipt of the Office Action mailed December 5, 2007 in view of the following remarks. An Amendment responsive to the Office Action dated December 5, 2007 is submitted herewith.

REMARKS

The Office Action mailed December 5, 2007 ("the Office Action") was mailed to the former prosecuting attorney in the present case. A proper power of attorney had previously been filed on October 11, 2007 and electronic acknowledgment received from the USPTO. However, the Office Action was nonetheless mailed to the prior prosecuting attorney. The former prosecuting attorney did not forward the Office Action to Applicant's current attorney. Applicant's current attorney discovered the Office Action by reviewing the prosecution history in PAIR after the six month period for response had passed and the present application had become abandoned.

As outlined in MPEP 711.03(c), Applicants submit the following as evidence of non-receipt:

1. All correspondence received by Applicant's attorney is opened and reviewed. Office Actions are stamped (See Exhibit A) and the due date, docket number, and responsible attorney are noted on the first page. Responses are then forwarded to the docketing department, where the due dates, docket number, and application number are entered into a docketing database using software provided by CPi, Inc. The response is then sent to the secretary of the attorney responsible for the application corresponding to the Office Action with an acknowledgment sheet. Attached as Exhibit B is an exemplary acknowledgment sheet for an unrelated case. As is apparent from Exhibit B, the acknowledgement sheet contains application information and the due date for response. The above described system is reliable and makes use of widely accepted software for managing due dates in patent applications prosecuted before the United States Patent and Trademark Office.
2. Applicant asserts that the Office Action mailed December 5, 2008 had not been received by Applicant or their attorney prior to mailing of the notice of abandonment. A search of Applicant's records confirms that the Office Action was not received. As is apparent in the attached database query results (Exhibit C), records in the docketing database relating to the above-referenced application do not indicate that an Office Action was received.

- Also attached is a copy of the file index for the above referenced file (Exhibit D). As is apparent from the index, the Office Action was not received prior to receipt of the Notice of Abandonment (item 20).
3. As further evidence of non-receipt of the Office Action, submitted herewith as Exhibit E is the cover page of the Office Action, which bears the address of the prior prosecuting attorney.
 4. Attached as Exhibit F is a complete list of all Office Actions received by Applicant's attorney for the three months following the December 5, 2007, mailing date of the Office Action, which shows that no Office Action was received in the above-referenced case during that period.

CONCLUSION

In view of the foregoing, applicant respectfully requests that this Petition to Withdraw Holding of Abandonment be granted.

Please credit any over payment or charge any additional fees to Deposit Account No. 23-3178 of the undersigned.

Dated this 28th day of July, 2008.

Respectfully submitted,
